- **Celebrating "A Night At Disney"**
- **Election Time**
- **Operation Valley Bureau-LAPD**
- **November Chapter Meeting**
- **CALSAGA Annual Conference**
- **Security Professionals Wanted to serve as State Police Reserves**

26th Annual SFV-LEAPS-2006

Congratulations to chapter members, sponsors, committee members, and LEAPS Chairman Bob Lee for delivering another marvelous LEAPS event.

For the second straight year, two-hundred attendees enjoyed a day of celebration and honor as the San Fernando Valley Chapter recognized the men and women from several branches of law enforcement and the private sector for going above and beyond their call of duty.

Committee members, you should be very proud of yourselves for such a well-organized and enthusiastic display of camaraderie within both professional sectors. I've received several phone calls and emails from individuals throughout our community commenting on what a great time they had.

Gordon Graham Returns

And, what a wonderful treat it was to have old friend Gordon Graham return as our keynote speaker. Gordon was in his usual exceptional form as he presented us with the "Seven Rules of Admiral Rickover".

Celebrating "A Night At Disney"

How lucky are we to have special members in our chapter, special members such as Andrea Cunningham of Walt Disney. A heartfelt thank you to Andrea and her wonderful staff for organizing this very special night of networking, wonderful food, and drinks topped off with a fabulous Disney movie "The Guardian."

Election Time

Yes, it's that time of year for our chapter's annual election for our Executive Board. In the beginning of October the ballots were distributed and your voting has been taking place ever since. The voting ends on COB October 31, so please make sure you participate and voice your selections.

Operation Valley Bureau-LAPD

On September 28, Deputy Chief Michel Moore (OVB) requested security leaders within the confines of the San Fernando Valley to participate in a special meeting depicting the current crime situation and how (the leaders) in the private sector can contribute in fostering relationships with the valley precincts to augment in curbing crime.

The meeting was very successful and proved to set the bar for future quality meetings.

Let's face it, private security nor LAPD can singly control the immorality of society. We need to work in unison to have a greater impact. Leaders need to be less frugal and dispose from the thinking of how this or that will benefit (me) and put more effort into actually working with local authorities in developing crime curbing techniques.

November Chapter Meeting

Lou Caprino Jr. (FBI) will be presenting an historical overview of terrorism and the FBI's role in some of the major terrorist events from Khobar Towers to the September 11 attack at the twin towers. You'll certainly want to be on hand for this wonderful power point presentation that will also include discussion on the Joint Terrorism Task Force based in Los Angeles.

CALSAGA Annual Conference

This year's CALSAGA Annual Conference is scheduled for November 8 and 9 at the beautiful Pechanga Resort in Temecula, California. This year's annual conference entitled "CALSAGA & You: A Security Partnership for the Future" is a unique opportunity that brings together industry experts and private security companies to discuss issues facing the security industry.

Security Professionals and CJ Students Wanted to serve as State Police Reserves.

The Provost Marshal Section of the California State Military Reserve's 40th Infantry Division Support Brigade, is seeking to fill 120 Military Police Reserve Trainee positions. They're looking for parole and probation officers, civilian police support employees, professional security officers, criminal justice students and instructors. Please visit the SFV-ASIS website for more information.

And Finally...

Please acknowledge this hard working SFV-LEAPS Committee that was truly focused in bringing you such a memorable program for 2006.
