Chairman's Corner

by Pat Salter, CPP

Well we are at the end of summer! Thanks to all of those who attended our last two meetings. In July we had a great topic on mediation and arbitration presented by Mark Ameli Esq. It was a relevant subject for those of us who deal with contracts. And the subject matter was

transferable to our personal lives as well. In August Gary Bradley Esq. spoke to us about liability. A fine job on a pertinent topic especially here in litigious California.

It's that time again; time to consider volunteering to assist our chapter. We will need all of the board positions filled for this coming year as well as some of the committee chairs. Please consider serving. Our chapter can only exist with some members taking on some of these duties for a season. It is rewarding and satisfying. It doesn't take a lot of time but it does require commitment for a season.

It is with great regret that we have to raise our luncheon price this month, September, to \$25.00. We have been at \$20.00 per plate since before I became a member, Frank and Bob say for over 20 years. Some chapters charge annual dues to help defray costs for running the chapter. We have always decided against that but with rising costs we had to raise our luncheon fee.

We will be giving more information on our November fete soon. Check the website for updates. We will be looking for table sponsors, table favors and raffle prizes. Please plan on attending and helping celebrate our 30 years as an active ASIS International Chapter.

Elections will be in November for our officers for next year. Please volunteer in some capacity for the continued success of your San Fernando Valley Chapter. Thanks!

New California State Law Impacts Proprietary Security Officers and Their Employers

California Code of Regulations 645

The proprietary training regulations were made operative on December 12, 2009 by California Office of Administrative Law.

The adopted regulations will require that all proprietary security officers complete an initial training curriculum of 16 hours with an additional 2 hours of annual continuing education each year thereafter.

According to Business and Professions Code section 7574.1, a proprietary private security officer is an unarmed individual who is employed exclusively by any one employer whose primary duty is to provide security services for his or her employer, whose services are not contracted to any other entity or person, and who is not exempt pursuant to Section 7582.2, and who meets both of the following criteria:

- Is required to wear a distinctive uniform clearly identifying the individual as a security officer
- Is likely to interact with the public while performing his or her duties

The Proprietary Security Services Act, passed in 2006, required a person who met the definition of a proprietary private security officer to register with the Department of Consumer Affairs. In 2007 the Proprietary Security Services Act was amended to require a proprietary private security officer to complete training in security officer skills within a specified period of time. (See Business and Professions Code section 7574.22 through 7574.7)

Senate bill 741 amended the Proprietary Security Services Act of 2006:

Effective on and after January 1, 2011, companies that employ security officers as employees or "proprietary private security employers" will be required to register with the department. The law requires applicants for registration to apply to the department and would require these applications to include, among other things, a \$50 fee for officers and a \$75 fee for employers as well as fingerprints for the officer application. The law requires that, upon approval of an application by the Director of Consumer Affairs, officer and employer applicants be issued a registration card or registration certificate, respectively.

This law also on and after July 1, 2011, requires registered proprietary private security officers to complete training in security officer skills (as shown above). The law requires employers to maintain specified records regarding the employment of officers and their completion of training in security officer skills, for no less than two years. The law also requires these officers on duty to carry a valid and current registration card or a specified alternative as well as other identification.

(Disclaimer: A Proprietary Private Security Officer (PPSO) shall not carry a firearm or a baton)

Tip of the Month

Our Tip is courtesy Darren A. Nix, CPP of Risk Management Associates Inc.

"The security industry has grown so much over the last 10 years. There are those of us that have been in the industry for many years. Likewise, we have seen an influx of newer faces join us in the security business. We should always recognize this one thing. Whether new to security or in it for many years, whether you are young or old, more educated or less educated, white collar or blue collar -- everyone has something to offer. Remember, the next security person you are speaking with may just be the expert you needed. "

September Meeting...

“CALSAAGA, Past, Present and Future! What is BSIS doing?” Presented by Roy A Rahn, CPP, President of CALSAAGA

Mr. Rahn is the President of the California Association of Licensed Security Agencies, Guards and Associates (CALSAAGA), the statewide organization which represents the contract private security industry in the State of California. Further, he is a member of the Bureau of Security and Investigative Services (BSIS) Advisory Board. BSIS is the state board responsible for regulating the security industry.

Roy A. Rahn, a Board Certified Protection Professional, is a Vice President of Universal Protection Service. Universal is the eighth largest security company in the U.S. and currently employs over 9,000 security professionals. Universal Protection Service is a division of Universal Services of America, which includes Universal Building Maintenance, Universal Protection Security Systems and Universal Fire/Life Safety Services.

He has also been an active member of ASIS International. He is a twice past Chairman of the Greater Los Angeles Chapter, a former Region III Vice President and a Trustee of the ASIS International Foundation.

This will be a must see & hear meeting for any company that has or uses security officers!

August meeting: See what you missed!!!

"Don't be liable.... learn".

Presented by Gary Bradley, Esq. of Bradley & Gmelich. The presentation was excellent and those that attended were able to obtain a significant amount of insight regarding processes and procedures that can help in minimizing your company's exposure from employee related litigation.

His presentation highlighted many pitfalls of PPO's.

Every month has something to offer, please make your reservation now for the next meeting!

Legislative Update: H.R. 19: To require employers to conduct eligibility verification

Introduced on March 6, 2009, by Ken Calvert (R, CA-44), H.R. 19 directs the Secretary of Homeland Security to provide for permanent nationwide implementation of the Basic Pilot employment eligibility verification system, also known as E-Verify.

The bill would require entities hiring individuals for employment in the United States to participate in E-Verify. It would phase in compliance requirements over a seven-year period according to the number of persons employed by the entity, and would establish sanctions for noncompliance.

H.R. 19 has been referred jointly to the House Judiciary and House Education and Labor Committees.

30th Anniversary Dinner Event

Celebrating the San Fernando Valley Chapter 130 and all of
the people that helped along the way!

**The Event has been set for November 13th!
Add it to your calendar.**

The San Fernando Valley Chapter 130 was Chartered on June 26th, 1980 and held
the first official meeting in July of that year.

There is a substantial amount of logistics involved to make this a memorable
event for the entire membership. We are in desperate need of a few more
volunteers to assist with all of the necessary, pre-event arrangements.

We are trying to promote an evening that does celebrate our thirty years of
serving our profession and community and is going to be attractive to our entire
membership and their significant others.

There will be invitations sent to everyone that held a board position since the
beginning. If you can assist with the invitations, please contact Pat Salter, CPP.

Naturally, this will also be our big event of the year. We will be offering some
limited advertising and the option to buy entire tables for the dinner. Anyone that
would like to either get involved or donate, please contact Pat Salter, CPP.

Mark Your Calendar !!!

Committee positions ... are available now for next year!

The chapter has a host of committees that are always in need of members. Jump on
board in a committee that you believe you can make a difference.

“The reward of membership is discovered by involvement!”

The more involved you become in the Chapter, the more the Chapter and ASIS
become significant in your professional security life. The Chapter is staffed and
managed by its volunteer members. All of the committees have room for one or two
more, so the choice is yours.

- What would you like to do to get involved?
- Are there any changes you believe would make the Chapter a better resource?
- Do you like to write articles?
- Are you a person who knows a lot of different speakers?

There are many choices... come join a committee!

We are always looking for speakers with "hot" topics.

Please make your recommendations to Pat Salter at pat.salter@securitasinc.com

Or call him at (818) 782-6184

In The Region III

Now available in the calendar section of the website is a "2010 Region III Calendar", which provides information for all of the Chapters in the Region.

If you leave the valley and have time, you may wish to drop in on a meeting or event of another Chapter. It is a real nice way to network.

Also, keep an eye on the calendar to see what other speakers and topics will be in the area.

Linked In - Get connected now! By Doug Carner, CPP/CHS

Our on-line forum (<http://www.linkedin.com/groups?gid=2386100>) is only a few months old. We have hundreds of members and are growing every day. About half the members had not known that our chapter existed. My hope is that this forum will encourage many of these people to attend our monthly meeting and join the chapter.

Please continue to invite your colleagues and peers to join our group so they too can share their products, services, knowledge and talents with the entire group. The more members we have, the more we all will benefit from the networking potential. *(If you have not joined yet, follow the link above.)*

Thank you for helping to build a professional security network.

CALL For Speakers

Our Speakers offer their time and expertise because they have been asked.

If you have recently heard a Speaker at another venue that you believe would be of a benefit to our members, please ask them if they would like to address our group.

If they offer their expertise, please forward the information to Info@asis130.org

We are always looking for Speakers with topic related to our industry.

Thank you...

Student Writing Competition: 2010 International Call for Presentations

Sponsored by the ASIS Council on Academic Programs in Universities and Colleges and funded by the ASIS Foundation, the ASIS International Student Writing Competition rewards students who conduct research, engage in thoughtful deliberation, and write an academic paper between 3,000 and 6,000 words on an issue relevant to the security and assets protection profession.

Information regarding this competition is available online at the ASIS International website or our Chapter website under Education.

WWW.ASIS130.ORG - Our Chapter Website & The Security Blanket - Our Chapter Newsletter

The Chapter's website and newsletter are the primary means of communication to all of the chapter members and many others in the security community in southern California. Both the website and newsletter have been nominated for their contribution to the Society and have been recognized for such.

We are looking for someone to begin working with the existing web master/editor to take over the role next year. If you want to really contribute to the growth of this chapter, please contact Pat Salter, CPP or Frank Faulk, CPP to see how you can get involved!

Placement...

Our group represents a diverse collection of talents spanning a wide range of experience, skills and certifications. Sometimes it can be quite challenging for our members to find a career position that utilizes all of their talents. As the group's Placement officer, I can be of tremendous assistance matching positions to your career goals.

Our most recent job posting seems to be an exciting opportunity for the right person. If you are looking, checkout the website on a regular basis, it is updated as things change.

Please contact me with your questions or special needs. All communications are kept in the strictest confidence and privacy.

Please call your Placement Chairman – Wayne Horton, CPP at (626) 844-6960 or e-mail at whorton@nortonsimon.org

IT IS NOW Time to Think About Getting Involved!

Every year the Chapter needs to have a nucleus of volunteers to fill the various positions, both on the Board and the Committees.

If you believe you have a little time to offer to the Chapter and wish to add your influence to how this Chapter serves the membership, take a look at your plate and see if you can step up!

Joke of the month

Some tourists in the Los Angeles Natural History Museum are marveling at the dinosaur bones. One of them asks the guard, "Can you tell me how old those dinosaur bones are?"

The guard replies, "They are 3 million, four years, and six months old."

"That's an awfully exact number," says the tourist. "How do you know their age so precisely?"

The guard answers, "Well, the dinosaur bones were three million years old when I started working here, and that was four and a half years ago."

Tender breast of chicken, marinated and sautéed in cilantro butter sauce and served with rice, refried beans, Pico de gallo, fresh guacamole and tortillas.

BLACKENED TILAPIA FILET (**FISH**)

Tender Tilapia filet, Blackened and pan-fried, then topped with a lemon-olive oil sauce and served with garden vegetables and rice pilaf. Plus a dinner salad.

Sorry, the cost of our luncheons will increase...

We are one of the few organizations that have our luncheon for only \$20.00. We cannot keep this rate any longer due to the increased menu costs and our limited average number of attendees.

Beginning with our September meeting, **the new lunch cost will be \$25.00.** Everyone on the board has tried to mitigate this for the past few years, sorry, now it **must** be done.

In our ongoing effort to provide a good meal selection, good parking, some degree of privacy and a convenient location, we are meeting at:
